

# *Walking in the footsteps of the of the Magdalene*

South of France  
Sacred Tour & Workshop  
June 28th - July 6th 2018

**Come join us on an incredible, life transforming journey to discover the power, wisdom, and love of the Divine Feminine within you.**

For millennia, the spiritual essence of Mary Magdalene and the Divine Goddess has interwoven and become part of the Languedoc region in The South of France, anchoring HER vibration in Nature, in the water, earth and ley lines. Therefore, the Languedoc region has become a source of spiritual power and healing, where we can experience the activation of the Divine feminine energy within us, resulting in profound healing and inner transformation on our journey to self-realisation and Oneness.

These were the healing and spiritual energies which inspired the Cathars and which are at the heart of the mysteries surrounding the Templar Knights. During the shared week together, we will walk the land absorbing these energies, we will do special ceremonies and meditations, anoint ourselves with essential oils and flower essences, activating ancient codes of wisdom within us. We will pilgrimage to sacred sites in Nature for personal and collective healing. We will visit famous churches and caves dedicated to Mary Magdalene and the Goddess tradition, traced back in time to ancient Greece, Egypt, and the Middle East. The enigmatic & famous Rennes Le Chateau, Montsegur, Rennes Les Baines, Carcassonne, Limoux, and Couiza are included.

We will be immersed in the land from which I have created the 'One Heart' flower essences, which are overshadowed by Mary Magdalene. We will meet and experience these special flowers first hand. We will have the opportunity to learn how to make flower essences by making a group flower essence, which we will take home with us, to further anchor our healing & transformation.

By drinking local pure vortexian source water and by eating local organic produce we will nourish, heal and reprogram our bodies in support of our process of aligning with the higher frequencies and vibrations which we will be accessing and downloading.

The highlight of the workshop process is the Mary Magdalene initiation, which will forevermore connect and anchor you into this sacred Priestess/Goddess lineage. This initiation has its' beginnings in ancient Egyptian times, and is overshadowed by ascended and interplanetary masters.

We will experience all this and much, much more, whilst we will be having FUN enjoying the South Of France culture and traditions! The group size is small so you will receive personal and individual attention. As the group energy builds and as we gently shed old burdens and conscious and unconscious memories of suppression and limitation, each day we will free up and become lighter and happier, experiencing more joy, self-love and acceptance. This is a journey of a lifetime!

**...follow your heart...follow your intuition...follow your inner guidance...receive the LOVE all around you...**

**Your workshop facilitator**

Shreshta Carol Asher has been teaching and facilitating self-discovery, energy healing and inner transformation workshops since 1996. She has been leading her highly successful Mary Magdalene workshops in The South Of France & Journeys to the Holy Land since 2000. She founded her company One Heart Body Essentials in 1996, out of a deep love and passion to assist humanity on the path to healing and enlightenment, via essential oils, flower essences and energy transmissions. She discovered the path of the Magdalene in 1999 whilst attending an Aromatherapy Medical training in the Languedoc. During this journey, whilst walking the fields, the flowers and the land started to communicate with her, sharing their healing qualities and asking to be of service to humankind. This is when her flower essence system – the One Heart Flower Essences were born. <http://oneheartbe.com/flower-essences/>

As a skilled reader of the Akashic Records and an empath, she brings a wealth of wisdom, experience and a compassionate heart to your workshop process/journey. Carol is also a Phoenix Priestess in the Fellowship of Isis. Her priestess name is Antara, Priestess of Light, Illumination, and Power.

**What previous workshop attendees have to say:**

“The workshop was incredibly rewarding. Shreshta Carol brought such a sense of integrity to every ceremony, activity and lesson throughout this workshop and it has been such an inspiration for me.

The most profound shift that happened was working through a major block/fear that I had in claiming my power on my spiritual journey...the group helped me find peace in my heart and realise that I can walk the spiritual path.The gift that I am taking home is a deep feeling of gratitude and love and a profound love of self”. **C.J.USA**

“The workshop journey was and continues to have a profound impact on so many levels. The MM initiation experience, which I can only explain as a state of enlightenment, takes me to a state of peace every time I reconnect. I continue to experience a permanent irreversible shift” **J.L. Australia**

“I’m going home with the gift of Christ consciousness expressing deep in me, in a feminine way” **A.F. Slovenia**

“It was a well-structured workshop. It unravelled little by little, in the experience of the Magdalene energy, step by step, cave by cave, castle by castle, battle by battle, glass of wine by glass of wine, until the humble triumph of Mary Magdalene in the initiation on the Throne of Isis ... An extraordinary journey through place and time, in an immaculate land of ancient beauty, guided by an awesome woman!” **R.T. Italy**

“It was a beautiful enriching experience... the highlight was the MM initiation. I’m going home with a bigger and higher awareness and a new shift by connecting with the Feminine Divine energy as well. I would like to convey my deepest and most sincere gratitude to Shreshta Carol for the love, the passion, and the generosity with which she does anything that she does.” **M.V. Italy**
